Bio-cellulose

Doctors marvel at the mask
Beauticians envy the mask
Ecologists admire the mask
Environmentalists recommend the mask

EFFECT

The Bio-Cellulose Mask utilizes biotechnology's techniques to manufacture the translucent gel-like material. Its 3D web structure enables air to penetrate but not liquid, adheres tightly with the skin and is also known as "artificial skin". Mandelic acid, a naturally extracted whitening element, can reduce dark pigmentation on the skin, evening out your skin tone, leaving it looking bright and radiant.

Silk Invisible Face Mask

ANTI-WRINKLE&MOISTURIZING FACIAL MASK
